## CHURCH UNION WILL LAUNCH DRIVE DEC. 9

To Be a Part of International  
Campaign for Funds for  
Christian Colleges  
in Orient.

MRS. ROBBETT, PRESIDENT

Many Women's Civic Organi-  
zations Will Co-operate in  
Raising \$2,000,000  
by Jan. 1.

The Columbia Women's Church Union decided yesterday to launch a drive in Columbia and Boone County December 9 in connection with an international campaign for funds for the seven Women's Union Christian colleges in the Orient. All the seven colleges are said to be in a desperate need of buildings. Meeting with the Women's Church Union were representatives of civic organizations of Columbia, including the W. C. T. U., War Mothers, P. E. O., Daughters of 1812, D. A. R., the United Daughters of the Confederacy, the Y. W. C. A. of Stephens and Christian Colleges and of the University, and the A. A. U. W.

Mrs. D. A. Robbette, president of the Church Union, has been appointed chairman for Columbia and Boone County by Mrs. Ralph Lathrop, of Kansas City, who is chairman of the Western Missouri division. "There is an interdenominational program," said Mrs. Robbette, "and the campaign is being conducted by sixteen Christian boards, ten of which are in the United States and six in Great Britain. The schools are all in need of new and larger buildings. At the present time the students are being housed in all sorts of rented buildings."

One million dollars will be given to the Union Christian Colleges in the Orient from the Laura Spelman Rockefeller Memorial Fund if the people of the United States raise \$2,000,000 before January 1. Reports received by Mrs. Robbette show that \$1,200,000 of this amount has already been subscribed. Case County has pledged \$1,000; Buchanan County, \$5,000; and Kansas City, \$25,000. The national officials for the campaign are calling for one million people over the United States to give \$1 each to the cause.

It is hoped by the Missouri officials to raise enough money to take care of the need of Virginia College at Gilling, Nanking, China, and the Teachers' College at Madrid, India.

Mrs. Robbette presided at the meeting of the Church Union yesterday at the Methodist Church and presented the plan for the proposed drive. Mrs. F. F. Stephens, who is a member of the Board of Control of the colleges of Gilling, China, and the Vellore Medical College at Shanghai, China, talked on the educational schools of the Orient and their need. Mrs. Stephens recently returned from a meeting of the national board of control which met at New York City. Mrs. Robbette reports that a great interest was manifested at the meeting yesterday and that the ready response to the call for help was gratifying.

The presidents of the missionary societies of the various churches in Columbia were elected vice-chairmen of the drive in Boone County. They are: Christian Church, Mrs. F. H. Russell; Baptist Church, Mrs. E. W. Stephens; Broadway Methodist Church, Mrs. C. D. Rodgers; Episcopal Church, Mrs. Jonas Viles; Christian Church, Mrs. J. J. Phillips; and Wilkes Boulevard Methodist Church, Mrs. George Starnett. Mrs. Robbette was elected president and Mrs. Jonas Viles, secretary of the campaign organization.

## TEXAS MAN DWELLS IN CAVE

M. A. Willis Says It Is Sure Cure for Rheumatism.

ELECTRA, TEXAS, Nov. 15.—The cave dweller does not belong entirely to the dark ages. There is one in Texas. He is M. A. Willis, who lives a few miles below the division dam on the Wichita river.

Willis says he has no desire to return to the more modern abode of man. After spending several years and much money trying to secure relief from the pangs of rheumatism, without avail, he found a nice high bank on the Wichita and dug in. It is a sure cure, he says.

His "front yard" is shaded by cottonwoods and elms and he has built a garage of logs for his car. His flock of cave dwelling chickens number something like 800 despite the fact that he has tubed incubators.

Dr. Frank Leverett, of the United States Geological Survey, will be the principal speaker at a meeting of the Chamberlain Geology Club at 7:30 o'clock tonight in the Geology Building. MAN CASHES BAD CHECKS AMOUNTING TO \$35.75

Several Business Houses Victims of a Series of Forgeries Yesterday Evening.

Several Columbia business houses were the losers last night when a man signing his name as F. W. Craig succeeded in cashing checks that were worthless.

The Hopper-Pollard Drug Co. was among the first visited. The man cashed a check there for \$5 about 5 o'clock. Between that time and 6 o'clock he stopped at several other places and succeeded in getting money from most of them. Among those who were victims are: Broadway Missouri Store, \$5; Harris, \$3; Victor Barth Clothing Co., \$6; Jack Daily, \$11.75; and the Virginia Pharmacy, \$5.

At both Barth's and Jack Daily's he bought merchandise, giving a check for the amount of his purchase. At the other places he asked them to cash his check. A few refused to recognize his check.

In all instances he gave checks on the Boone County National Bank, signing his name as F. W. Craig, and giving his address as 1415 Paris road with the telephone number of that address. It happened that the clerk at the Virginia Pharmacy knew the residents at the Paris road address and began investigation soon after cashing the check.

So far the police have made no arrests. They have a good description of the man.

## WANT MOVIES ON SUNDAY

Picture Owners Will Open Nationwide Fight on Blue Laws.

CLEVELAND, Ohio, Nov. 15.—A fight for Sunday movies will be launched at once throughout the nation by the Motion Picture Owners of America, according to Samuel Bullock, federal representative of the Ohio organization.

Three moves are being considered: (1) Insistence upon rigid enforcement of blue laws against Sunday movies to turn public opinion against these laws. (2) Possible appeal for a new law to strike prohibition of Sunday movies from the statutes. (3) Creation of sentiment among movie fans to force the repeal of present blue laws.

## HARDING SEES CHANGE IN WET ENFORCEMENT

Public Mind Has Undoubtedly Shifted as to the Act on Prohibition, Says President.

WORLD BONE DRY IN 1940

This Is Prediction of W. C. T. U. President—Cuba Will Be Last to Change, She Believes.

By United Press.  
NEW YORK, Nov. 16.—President Harding, in a letter to Mrs. Corinne Roosevelt Robinson, foresees a change in the prohibition enforcement act, according to Mrs. Robinson's interpretation.

She read the letter at a meeting of a neighborhood Republican association last night, but refused to show the letter to reporters who were present.

Mrs. Robinson told members that the President had written her that he did not expect the amendment to be abolished, but "undoubtedly the minds of the public had shifted as to prohibition enforcement" and while it will never be removed from politics, it would lose some of its political importance after the advocated change voiced by the people.

By United Press.  
PHILADELPHIA, Nov. 16.—"The world will be virtually dry by 1930 and bone dry by 1940," Miss Anna A. Gordon, newly elected president of the World's Women's Christian Temperance Union, predicted yesterday.

"We are rapidly steering toward world temperance and within eight years the W. C. T. U. will annihilate liquor traffic from the face of the earth."

"Two-thirds of the nations of the world are now seriously considering prohibition and several will vote for dry legislation before 1924."

In outlining the program for drying up the world, Miss Gordon said the schedule would be as follows:

Uruguay, 1924; Argentina, 1924; Chile, 1927; Austria, 1925; Denmark, 1925; Germany, 1929; Great Britain, 1928; France, 1933; Japan, 1936; Brazil, 1929; Africa, 1926; Mexico, 1932; Italy, 1938; Spain, 1939; China, 1939; Cuba, 1940.

## HOME-coming GUESTS TO HAVE FRESHMAN GUIDES

Informal Reception Will Be Held Wednesday Night At The Gymnasium.

The freshmen caps will serve as a notice to the visitors and alumni on Homecoming day that the freshmen are the official guides of the guests, according to action taken by the Homecoming committee yesterday. Delegations of freshmen will meet all trains and escort the visitors to the Rothwell Gymnasium where they will register and will be given programs of Homecoming activities.

The committee in charge of the arrangements reported yesterday that considerable interest is being shown in Homecoming throughout the state. The alumni at Sedalia are holding weekly luncheons to perpetuate old-time associations and work up interest in the coming celebration. They have chartered a special train to carry two hundred Tiger fans here on November 30.

The publicity committee is having 20,000 stamps printed to be distributed among the students for use on all outgoing mail. On the stamp are the words "The Tiger Growls," and a picture of a Jayhawk stripped of its plumage by the Missouri Tiger. An additional feature was added to the program at the meeting yesterday. An informal reception will be held at the Rothwell Gymnasium on Wednesday evening, November 29, immediately after the mass meeting. The committee believed that only a limited number could attend the "Breeze Bug," and have added this feature to allow students and old grads to renew old-time associations.

## OLDEST ALUMNA HONORED

Faculty and Students of Christian College Send Basket of 90 Roses.

The faculty and students of Christian College will send a basket of ninety roses to Mrs. J. K. Rodgers of Kansas City who is the oldest living alumna of Christian College.

Mrs. Rodgers is the wife of the former president of Christian College and celebrated her ninetieth birthday on November 11. She was present at the homecoming last spring and still takes an active interest in the school.

Mrs. Rodgers will be a guest at the tea that is being given for the Christian College delegates to the State Teachers' Association at the Kansas City Club on Friday afternoon. At this time, Mrs. St. Clair-Moss will present the flowers with the greetings of the faculty and the student body.

By United Press.

Miss Dellora is now 19 years old and receives the income of the inheritance until she is 31 years old. Until that time the estate is managed by her father, R. F. Angell. He reports that between 1919 and 1921 more than \$179,000 was paid out for education and care of Miss Angell.

## CONSERVATIVES WIN MAJORITY IN PARLIAMENT

Indications Point to a Lead of About Forty Members in the New House for Premier.

CHURCHILL IS DEFEATED

Owing to Its Many Victories the Labor Party May Supplant the Asquith Liberals.

By United Press.

LONDON, Nov. 16.—Premier Bonar Law's Conservative party obtained a clear majority in the general election, it was officially announced this afternoon.

Indications were that the premier would have a considerable majority, probably about forty, in the new house. Labor's many victories yesterday make it likely that this party will supplant the Asquith Liberals as the leading opposition to the Law government.

Winston Churchill, colonial secretary under Lloyd George, was defeated at Dundee.

## ARMOUR TALKS TO HARDING

Merger of Big Packing Industries Discussed at White House.

By United Press.  
WASHINGTON, Nov. 16.—J. Ogden Armour, head of the Armour packing interests, conferred at length with President Harding at the White House in regard to the proposed merger of the Armour interests and Morris & Co.

Armour refused to discuss the nature of his conference with the President, saying that he had presented the same information which he placed before Secretary of Agriculture Wallace.

Wallace is expected to ask the Department of Justice and the Federal Trade Commission for opinions as to whether the proposed merger will be legal under present laws.

Opinion prevailed today that if it is shown that the merger will restrain commerce in any way it would not have the approval of the government.

A final decision must be made by Secretary Wallace who is in charge of the administration of the Packers and Stockyard Act. It is believed that he will not act before a month.

Rumors were current that if the government approved the merger, a combination of all the big companies would be sought by packing interests.

Strong opposition to any merger is expected from the Progressives in Congress who forced through the packer control law at the last session.

## TOURING PARTIES FEWER

Some Still Pass Through Here Daily—Roads Are Muddy.

The main rush of the tourist season is over but a few parties still pass through Columbia every day. Onset, Mass., and Detroit, Mich., were represented by tourists at the Columbian Hotel yesterday.

Most of the travelers seem to be driving east to west. Muddy roads do not seem to discourage them, according to the clerk at the Columbian Hotel. They usually get in at night and leave early in the morning.

Because of the heavy rain, three or four parties were stranded at the Daniel Boone Tavern last week-end.

By United Press.  
LOS ANGELES, Nov. 16.—A jury found Mrs. Clara Phillips guilty of murder in the second degree in connection with the slaying of Miss Alberta Meadows.

## M. U. DEBATEES TO SEDALIA

Extension Method to Be Tried First Time.

The first extension debate to be conducted by members of the University debating squad will be given in Sedalia on November 24, before the student body of the Sedalia High School. The Varsity squad will be represented by E. E. Hall, a senior in the School of Law; C. P. McKinney, a junior in the School of Business and Public Administration and A. N. Larges, a junior in the College of Arts and Science.

The question for discussion will be: "Resolved, that the Congress of the United States Should Enact Legislation Providing for Adjusted Compensation for Veterans of the World War." Hall will argue the affirmative against McKinney who will speak against the question. Larges will accompany the debaters as an alternate.

Each speaker is allowed fifteen minutes for his main speech and seven minutes for rebuttal, with an extra three-minute period given to the affirmative for rejoinder. Immediately following the debate, the audience is privileged to ask any questions regarding the subject, which the debaters will answer unhesitatingly. There will be no judges.

"It is expected that lively interest will be shown in the debate," said M. R. Kriewaldt, debate coach. "In view of the fact that the subject selected is a timely topic, considerable discussion having been given to the soldiers' bonus bill during the last session of Congress and the American Legion Convention."

"The extension debate is a comparatively new method of training college debaters, and this is the first time it has ever been tried in the University. It is designed primarily to give the debaters practice in speaking before strange audiences and also to give high school students an idea of Varsity debating," said Mr. Kriewaldt.

## BONUS ATTITUDE UNCHANGED

Harding Denies That Election Alters His Position.

By United Press.  
WASHINGTON, Nov. 16.—President Harding, although the soldier bonus forces in the election gained sufficient strength in the Senate to pass an adjusted compensation measure over his veto, is still strongly opposed to the bill, it is officially stated by a spokesman for the President at the White House.

The President directed this spokesman to deny reports that the executive's attitude toward the measure had been changed because of the election, in which "anti-bonus senators" were defeated and state bonuses approved in five states.

Because of the President's position, it is doubtful if any real move will be made to pass the bonus during the present session of Congress. Bonus advocates, however, are preparing to rush the measure through the new Congress, which probably will be called into special session shortly after March 4.

## Y. W. C. A. MAKES CAMPAIGN

Donations Must Be Made Over Donor's Signature.

By United Press.  
ST. LOUIS, Nov. 16.—St. Louis is awaiting a formal reply from officers of the Ku Klux Klan following refusal of the Boy Scouts organization to accept a \$15,000 contribution tendered by the "invisible empire."

The money was turned down by the executive committee in charge of a drive. It was stated that rules covering the drive forbid acceptance of subscriptions not made over a signature.

## MARRIED FIFTY YEARS

Mr. and Mrs. J. W. McCannan, 315 North Eighth street, who celebrated their golden wedding anniversary last Sunday.

## HOGS WEIGH LESS THIS YEAR

Corn Scarcer Now, Says Mr. Clark of Shipping Association.

Hogs being shipped now are much lighter this year than those shipped a year ago, according to Gentry Clark, manager of the Columbia Co-operative Shipping Association. Mr. Clark says that it takes three of this year's hogs to weigh as much as two weighed a year ago when ready for shipment.

This is explained by Mr. Clark by the scarcity of corn and the low price of hogs. Last year corn was plentiful and cheap; this year the contrary is true. This year more hogs are being shipped, but from the standpoint of weight less meat is going from Boone County. The shipping organization, which has a membership of more than five hundred farmers, is sending out about 600 head of hogs a week.

The detectives have been sent to Conway, Mo., where Miss Shantz is said to be living with her father.
